- A child in need is defined under the Children Act 1989 updated 2004 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare.  - is experiencing, or at risk of abuse or neglect
 - as a result of those care and support needs, is unable to protect themselves from either the risk of, or the experience of abuse or neglect

In cases of serious harm, the police will be informed from the outset.
- 1.2 Someone may become aware of potential abuse in 2 main ways:
- a. someone may observe signs in a learner that lead them to suspect that they have been physically, emotionally or sexually abused or suffer severe neglect or are becoming radicalised; or in addition in the case of a vulnerable adult, they may be experiencing financial, discriminatory or institutional abuse.
 - b. the learner themselves may disclose that they have been abused.
- 1.3 If a learner makes a disclosure about abuse, staff must do the following:
- Allow the learner to lead the discussion, never stop a learner who is freely recounting significant events, and do not press for details by asking questions e.g. “what did they do next?”
 - Listen and be supportive – staff should not investigate, put words in the learner’s mouth or ask leading questions. Questions such as “Is there anything else you’d like to tell me?” may be used as part of a discussion.
 - Accept what the learner says without challenge - staff should reassure them that they are doing the right thing, and that they recognise the difficulty of the situation.
 - Not lay blame or criticise either the learner or the alleged perpetrator.
 - Never promise complete confidentiality – staff should advise learners that they will be passing the information on to the appropriate person at C&W Chamber Training in order to keep them and other learners safe.
 - Report the information immediately to the Safeguarding Lead/Designated Senior Safeguarding Lead, and do not discuss the matter with anyone else unless requested to do so by the Designated Lead for safeguarding.
 - Write an account of the conversation immediately afterwards, including the time, date and location of the conversation, and the name of anyone else present. This should be signed and handed to the Safeguarding Lead/Designated Senior Safeguarding Lead as soon as possible.
 - Follow up with the Designated Senior Lead if you have further concerns.
 - Remember that it is not the responsibility of C&W Chamber Training to investigate suspected cases of abuse. It is, however, C&W Chamber Training responsibility to follow local safeguarding procedures, and to recognise that a learner making a disclosure, may be the beginning of a legal process as well as the process of recovery for the young person or vulnerable adult.
 - Legal action against the perpetrator can be seriously damaged by any suggestion that the victim’s account has, in any way, been influenced by the person they may have told.
- 1.4 Allegations of peer-on-peer abuse**
- 1.4.1 Staff should recognise that young people and vulnerable adults may also be vulnerable to physical, sexual and emotional bullying and abuse by their peers. There is no clear boundary between incidents that should be regarded as abusive, and incidents that are more properly dealt with as bullying, sexual experimentation, etc. However, it may be appropriate to regard an individual’s behaviour as abusive if:
- There is a large difference in power (for example age, size, ability, development) between the individuals concerned; or
 - The perpetrator has repeatedly tried to harm one or more other young/vulnerable people; or
 - There are concerns about the intentions of the alleged perpetrator.
- 1.4.2 If the evidence suggests that there was an intention to cause severe harm to the victim, this should be regarded as abusive whether or not severe harm was actually caused. C&W Chamber Training’s staff should not automatically dismiss some abusive behaviour as 'normal' between learners. Concerns must be raised with the Designated Safeguarding Lead.

APPENDIX 6:

COUNTER TERRORISM AND PREVENT

- 1.1 The Government's Prevent Strategy was published in 2011 and forms part of an overall Counter Terrorism Strategy known as CONTEST. The Contest Strategy has four elements which are detailed below:
- Pursue
 - Protect
 - Prepare
 - Prevent
- 1.2 Prevent is a key part of the Contest Strategy which aims to stop people from becoming terrorists or supporting terrorism. Early intervention is at the heart of Prevent in diverting people away from being drawn into terrorist activity as Prevent happens before any criminal activity takes place. It is about recognising, supporting and protecting individuals who might be susceptible to radicalisation.
- 1.3 Radicalisation is defined as the process by which people come to support terrorism and extremism and, in some cases, then participate in terrorist groups
- 1.4 Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs.
- 1.5 In respect of safeguarding individuals from radicalisation, C&W Chamber Training has a legal responsibility to work to the Prevent element of the Government's Counter Terrorism Strategy, and where deemed appropriate seeks external support through the Channel Scheme for learners, aiming to work with the individual to address their specific vulnerabilities, prevent them becoming radicalised and possibly entering the criminal justice system because of their actions. It is recognised that radicalisation can occur to an individual from any section of society and is not particular to any racial, ethnic or social group. It is further recognised that in many instances the process of radicalisation is essentially one of grooming by others.

Possible signs of radicalisation include:

- The individual's views become increasingly extreme regarding another section of society or government policy
- They are observed downloading, viewing or sharing extremist propaganda from the web
- The individual becomes increasingly intolerant of more moderate views
- They become withdrawn and focused on one ideology
- The individual expresses a desire/intent to take part in or support extremist activity
- The individual may change their appearance, their health may suffer (including mental health) and they may become isolated from family, friends, peers or social groups

2. Learner Support and Protection

- 2.1 C&W Chamber Training will have the necessary information to take preventative action working with partner agencies, professionals, relatives and employers to protect apprentices and staff. This will be achieved through:
- maintaining robust support arrangements for staff and learners
 - ensuring learners have clear communication channels with appropriate support
 - implementing anti-bullying strategies and challenging any discriminatory behaviour
 - focus on supporting groups of individuals identified as higher risk

3. Referral and Intervention Process

- 3.1 Any identified concerns as the result of observed behaviour or reports of conversations to suggest that a young person supports terrorism and/or extremism must be reported to the designated safeguarding officer immediately.
- 3.2 Where a young person is thought to be in need/or at risk of significant harm, and/or where investigations need to be carried out the designated Safeguarding person will refer to the relevant Child Protection Officer/Local Authority Work Related Team. However, it should be noted that concerns of this nature, in relation to extremism, are most likely to require a police investigation (as part of the Channel process) therefore the designated safeguarding person will contact:

APPENDIX 7: REPORTING AND DEALING WITH ALLEGATIONS AGAINST MEMBERS OF STAFF

- 1.1 Because of their frequent contact with young people and adults in particular situations who may be vulnerable, staff may have allegations made against them. C&W Chamber Training recognises that an allegation made against a member of staff may be made for a variety of reasons and that the facts of the allegation may or may not be true.
- 1.2 C&W Chamber Training recognises that the welfare of the individual is of paramount concern. It is also recognised that hasty or ill-informed decisions in connection with a member of staff can irreparably damage an individual's reputation, confidence and career.
- 1.3 A member of staff who receives an allegation about another member of staff should follow the guidelines in Appendix 5.
- 1.4 The allegation should be reported immediately to the Executive Director, unless the Executive Director is the person against whom the allegation is made, in which case the report should be made to the Operations Director. The Executive Director (or Board Director if the allegation is against the Executive Director) should obtain written details of the allegation from the person who received it, that are signed and dated. The written details should be countersigned and dated by the Executive Director (or Operations Director). Information about times, dates, locations and names of potential witnesses should be recorded.
- 1.5 The Executive Director (or designated person) should make an initial assessment of the allegation, consulting with the Senior Staff Member with Lead Responsibility. Where the allegation is considered to be either a potential criminal act or indicates that the individual has suffered, is suffering or is likely to suffer significant harm, the matter should be reported immediately to the appropriate authorities.
- 1.6 The Executive Director will not investigate the allegation. The initial assessment should be on the basis of the information received and is a decision whether or not the allegation warrants further investigation. Other outcomes may be:
 - The allegation represents inappropriate behaviour or poor practice by the member of staff and is neither potentially a crime nor a cause of significant harm to the individual. The matter should be addressed in accordance with C&W Chamber Training's disciplinary procedures.
 - The allegation can be shown to be false because the facts alleged could not possibly be true.

2. Enquiries and Investigations

- 2.1 C&W Chamber Training's shall hold in abeyance our own internal enquiries while the formal third party agencies investigations proceed. Any internal enquiries shall conform with the existing staff disciplinary procedures.
- 2.2 Confidentiality will be maintained in connection with the enquiries, in the interests of the member of staff about whom the allegation is made. The Executive Director (or designated person) will consult with the police or other investigating agency, particularly in relation to timing and content of the information to be provided, and shall inform relevant parties regarding the investigation and the likely process.

3. Suspension of Staff

- 3.1 Suspension will not be automatic. In respect of staff other than the Executive Director, suspension can only be carried out by the Executive Director. Suspension may be considered at any stage of the investigation. It is a neutral, not a disciplinary act and shall be on full pay. Alternatives may include change of, or withdrawal from, specified duties.
- 3.2 The member of staff should be informed that an allegation has been made and that consideration is being given to suspension. The interview will not be a formal disciplinary hearing, but solely for raising a serious matter which may lead to suspension and further investigation.

3.3 If the Executive Director considers that suspension is necessary, the member of staff shall be informed that he/she is suspended from duty. Written confirmation of the suspension, with reasons, shall be despatched as soon as possible and ideally within one working day. The suspended member of staff should be given appropriate support during the period of suspension. He/she should also be provided with information on progress and developments in the case at regular intervals.

4. The Disciplinary Investigation

4.1 The disciplinary investigation will be conducted in accordance with the current staff disciplinary procedure.

5. Confidentiality

5.1 It is extremely important that when an allegation is made, every effort is made to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered. The Executive Director, Designated Lead, police and Social Care services (if applicable), to agree the most appropriate way in which to manage the situation.

5.2 Parents/carers of the young person/vulnerable adult (without mental capacity) involved in the safeguarding issue, will be told about the allegation as soon as possible, if they do not already know of it. However, where a strategy discussion is required, or police or Social Care services need to be involved, the Designated Lead should not do so until those agencies have been consulted and have agreed what information can be disclosed to parents/carers.

5.3 Parents/carers will also be kept informed about the progress of the case, and told the outcome where there is not a criminal prosecution, including the outcome of any disciplinary process. Although the deliberations of a disciplinary hearing, and the information considered in reaching a decision, cannot normally be disclosed, the parents/carers will be told the outcome in confidence.

5.4 Parents/carers should also be made aware of the requirement to maintain confidentiality about any allegations made against individuals while investigations are on-going.

6. Timescales

6.1 It is in everyone's interest to resolve cases as quickly as possible, consistent with a fair and thorough investigation. The statutory guidance Keeping Children Safe in Education outlines clear expectations in relation to timescales for the resolution of cases of allegations against staff, which will take precedence over any timescales outlined in C&W Chamber Training's disciplinary procedure.

7. On conclusion of a case

7.1 If the allegation is substantiated and the individual is dismissed following a disciplinary hearing, or C&W Chamber Training ceases to use the individual's services, or the individual resigns or otherwise ceases to provide his/her services, the Executive Director will discuss with the Senior Designated Safeguarding Lead whether C&W Chamber Training needs to make a referral to the Disclosure and Barring Service (DBS), for consideration of whether inclusion on the barred lists is required

7.2 If an allegation is shown to be deliberately invented or malicious, the Executive Director and Senior Designated Safeguarding Lead should consider whether any disciplinary action is appropriate against the individual who made it, or whether the police should be asked to consider if action might be appropriate against the person responsible.

8. Effectiveness and Monitoring

8.1 At the conclusion of a case in which an allegation is substantiated, the Executive Director will review the circumstances of the case with the Senior Designated Safeguarding Lead and other colleagues as appropriate to determine whether there are any improvements to be made to C&W Chamber Training's procedures or practice to help prevent similar events in the future, including staff training. This should include issues arising from the decision to suspend the member of staff if applicable, the duration of the suspension and whether or not suspension was justified. The Executive Director and Senior Designated Lead should also consider how future investigations of a similar nature could be carried out without suspending the individual.

9. Record Keeping

9.1 Details of allegations that are found to have been malicious will not be kept on an individual's personnel file. However, for all other allegations, a clear and comprehensive summary of the allegation, details of how the allegation was followed up and resolved, and a note of any action taken and decisions reached, will be kept on the personnel file of the staff member concerned, and a copy provided to the person concerned.

9.2 The purpose of the record is to enable accurate information to be given in response to any future request for a reference, where appropriate. It will also provide clarification in cases where future DBS checks reveal information from the police about an allegation that did not result in a criminal conviction and will help to prevent unnecessary re- investigation if an allegation re-surfaces after a period of time.

9.3 The record should be retained at least until the member of staff concerned has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer.

APPENDIX 8:

CODE OF PRACTICE AND LEARNER PROTECTION

- 1.1 The relationship between staff and learners is a professional one. It is fully expected - and indeed, hoped – that C&W Chamber Training staff have a friendly and caring approach to learners. Nevertheless, the basis of that relationship is professional not personal.
- 1.2 Social networking sites such as Facebook, Twitter and other social media, pose risks for all staff in terms of professional integrity and the welfare of learners. Staff must not use these sites to contact or communicate with learners or learners who have recently left. Should you become aware of material about yourself, CWCT or a learner which is inappropriate, the Designated Senior Lead must be informed and they will check the allegations and determine any course of action. You must not check it out yourself.
- 1.3 If staff are concerned about anything which has occurred or which has made them uncomfortable, they should discuss the matter with the Designated Senior Lead or Deputy at the earliest opportunity even if it turns out that nothing untoward has happened. Staff must make a written record, dated and signed of the issue that concerns them.
- 1.4 Good practice includes valuing and respecting children, young people and vulnerable adults as individuals, and the adult modelling of appropriate conduct – which would exclude bullying, aggressive behavior and discrimination in any form.
- 1.5 If staff are concerned about anything which has occurred or which has made them uncomfortable, they should discuss the matter with the Designated Senior Lead or Deputy at the earliest opportunity even if it turns out that nothing untoward has happened. Staff must make a written record, dated and signed of the issue that concerns them.

2. **The following code of practice applies to all C&W Chamber Training staff working with children, young people or adults in particular situations who may be vulnerable:**

- Always work in an open environment avoiding private or unobserved situations and encouraging open communication.
- Treat everyone as individuals with equal concern, respecting their background and culture.
- Always put the welfare of each person first.
- Maintain a safe and appropriate distance from each person, including no physical contact without the person's permission, whilst maintaining supervision.
- Do not take a learner alone in a car on journeys, however short. If this is unavoidable, ensure you tell someone else where you are going, what you are doing and why.
- Do not speak inappropriately to a learner *i.e.* do not use bad language or sexually suggestive language.
- Avoid unnecessary physical contact.
- Unless circumstances make it impossible to comply, do not take a child or vulnerable adult to the toilet unless either (a) another adult is present or (b) another adult is aware
- If you find you are in a situation where you are alone with a child, young person or vulnerable adult, wherever practicable make sure that others can clearly observe you.
- Avoid close personal relationships with a child, young person or vulnerable adult in relation to whom you are in a position of trust.
- Do not disclose personal information to learners/employers such as home address, personal contact information such as email or telephone.
- Do not make suggestive or inappropriate remarks to or about a child, young person or vulnerable adult, even in fun, as this could be misinterpreted.
- If a child, young person or vulnerable adult accuses a student or member of staff of abuse or inappropriate behavior, you should report this immediately to the relevant person.

- The duty to report applies equally to complaints or accusations of historic, and not just recent, abuse/inappropriate behavior.
- Participate in the training available to you to support you in your work with children, young people and vulnerable adults.
- Be sensitive to heritage, culture and faiths.
- Always seek permission and explain any physical contact such as administering first aid or comforting a distressed learner.

1.1 Child Sexual Exploitation

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual.

1.2 Female Genital Mutilation (FGM)

Female Genital Mutilation (FGM): CWCT staff, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. Victims of FGM are likely to come from a community that is known to practise FGM.

1.3 So, called Honour Based Violence

So-called 'honour-based' violence (HBV), encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of so-called HBV are abuse (regardless of the motivation) and should be handled and escalated as such.

1.4 Forced Marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage.

1.5 Youth Produced Sexual Imagery ('sexting')

This includes:

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

1.6 C&W Chamber Training staff are to be vigilant and noticing any concerns about young people sending, receiving and/or disseminating indecent images of themselves and other young people.

1.7 C&W Chamber Training staff will not view images or videos on learners' devices. Confiscated devices will be stored securely and passed to the relevant agencies. We will work with parents as necessary if their child is involved in 'sexting'. We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will be supported to retrieve and delete the images.

1.8 Early Help

Any child may benefit from early help, but all school and C&W Chamber Training staff should be particularly alert to the potential need for early help for an individual who:

- is disabled and have specific additional needs;
- has special educational needs (whether or not they have a statutory education, health

- and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child
